How to Enrol for Coverage

Fees for the student plan are assessed automatically by the institution at registration. You are also enrolled automatically should you meet the eligibility criteria for the plan. If you are unsure about whether or not you are eligible, visit or contact the TMSU Member Services Office. New eligible students will be added to the plan(s) approximately 60 days from your program start date. Please keep your receipts for eligible expenses for submission to Green Shield upon completion of the enrolment process. You can then begin using your myBenefits Card (prescription drug card) to submit claims at the pharmacy, dental office and many practitioners.

Returning eligible students may continue to access the plan(s) without disruption by using their current myBenefits Card (prescription drug card) or by submitting reimbursement claims directly to Green Shield. You can download your myBenefits Card through www.mystudentplan.ca/TMSU.

Accessing Coverage

myBenefits Card: Pay-direct claims allow for direct billing of eligible costs between your pharmacy and/or dental office and the insurance company. Pharmacy claims are processed immediately so that students are not out of pocket the full expense at the time of purchase. Dental claims are processed based on the dental office's billing practices. These claims are accessed with the myBenefits Card. You can download your myBenefits Card through www.mystudentplan.ca/TMSU.

eClaims: Submit your claims electronically online or via mobile app with GSC on the Go. More information can be found by visiting www.mystudentplan.ca/TMSU.

Manual Claims: To submit a manual claim, complete an insurance claim form, attach the original receipts and documents, and mail to the insurer. You can download claim forms from www.mystudentplan.ca/TMSU.

Coordinating Multiple Plans

Do you already have a student, parent, employer or spouse benefits plan? If so, those plans can work together to get the most out of your coverage. Coordinating coverage under multiple plans can increase your coverage up to 100%. This means no out of pocket cost for you.

Loss of Comparable Coverage

If comparable coverage used to opt-out of the student plan terminates, or coverage provided to cover eligible dependents terminates, students have 30 days from loss of coverage to notify the TMSU Member Services Office in order to opt in and be covered under the student plan. Confirmation of loss of coverage is required on re-application.

Mental Health & Counselling Program

mywellness Enhanced is a student mental health program that provides unlimited access to a mental health assessment, toolbox full of wellness solutions, and support resources. mywellness Enhanced also provides up to 3-hours of free counselling sessions through Inkblot's network of counsellors. Visit www.mywellnessplan.ca for more information!

Adding Family Coverage

Each year, you are given one opportunity to purchase family coverage for your spouse and/or dependent(s) by completing an application form through the TMSU Member Services Office and paying the family coverage fee. All family add-on forms and fees must be received by the specified deadline. Your family can only be covered while you are a student on the plan(s). **Family coverage must be renewed by the student each benefit plan year.**

Opting Out of Coverage

Eligible students who have comparable health and dental coverage may opt-out of the student health and/or dental plan(s). Students are given one opportunity to opt-out of the student plan each year. All opt-out requests must be completed via the online opt-out form available through the www.mystudentplan.ca/TMSU. Approval of the opt-out application will result in the plan fee being credited to your Student Fees Account.

Forms must be received by the specified deadline. Students will not be able to opt-out of coverage at any other point during the school year. **No exceptions will be made if the deadline is missed.** It is the student's responsibility to pay the plan fees, if they miss the applicable opt out deadline. Your opt-out request will carry forward each year and will remain in force as long as you remain an eligible student.
